Education

University of Maryland, College Park College Park, MD
Bachelor of Arts in Technology and Information Design *Expected May 2027*

Experience

Digital Communications Intern June 2026 – September 2026
Alice Ferguson Foundation *Accokeek, MD*

- Designed social graphics, email visuals, and promotional copy for the Washington Parent Picks voting campaign, helping the foundation win the Sleepaway Camps category and place as a STEM Camps finalist.
- Defined the content strategy for Spring Adventure Camp 2027, producing 5 core messages and a 3-part Instagram and Facebook launch for families with kids ages 4–12 by benchmarking 4 regional competitors on pricing ($250–$595), age range, and messaging.
- Planned the social media calendar, designed the graphic, and wrote the caption and email for the Land as Muse online auction, using the foundation's new branding and helping raise $2,500.
- Photographed and filmed seven weeks of Summer Adventure Camp and 6+ events, creating 300+ photos, 5 reels, and 5 graphics in Lightroom, CapCut, and Canva for social media, parent emails, and annual reports.

Social Media and Communications Coordinator Dec 2025 – Present
Antioch College Park Church *College Park, MD*

- Drove 38,120 Instagram views and 1,130 interactions in 90 days by leading a five-person social media team through weekly planning meetings, task assignments with reminders, and a shared content calendar.
- Produced posts, reels, and stories promoting weekly worship services, campus events, and student outreach that earned 21K, 11K, and 5.9K views in 90 days, by writing the copy, designing graphics in Canva, and filming and editing in CapCut.
- Adjusted the content calendar using Instagram analytics after a video earned 3.4K views, by sharing performance data with the team and producing a similar follow-up video.

Projects

Creative Community App Prototype Jan 2026 - June 2026
University of Maryland *College Park, MD*

- Designed a community app for creatives to find resources, mentorship, and community, by surveying and interviewing 6 creatives and turning their feedback into wireframes, a full-color mockup, and an interactive Figma prototype.
- Improved the app's navigation after testing with 2 users, then presented the final design to classmates and instructors.
